TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 5 Other:

5a. The reply filed on 21 September 2009 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the reply does not present arguments pointing out the specific distinctions believed to render newly added claim 7 patentable. Also, examiner is unable to understand the applicant's 21 September 2009 statement (page 13 (lines 2-3)) of "nor any U.S. filing dates prior to the international application". United States Patent Application 10/498,181 (US 2005/0203991 A1), now United States Patent US 7,634,532 B2, was filed on 09 June 2004 which was after Kawamura's International filing date. Furthermore, the applicant makes reference, on page 13 of his 21 September 2009 response, to WO 03/102919 indicating as not having studied the document as well as not filing a PTO-FORM 1449 in his 21 September 2009 response. WO 03/102919 is shown on the front page of United States Patent US 7,634,532 B2 and if the applicant wants this reference considered, he should file a PTO-FORM 1449. Finally, examiner is unable to clearly understand the need for these remarks with respect to all of Kawamura's applications since none were used in any rejection.

5b. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

5c. A shortened statutory period for response to this action is set to expire one month (not less than 30 days) from the mail date of this letter. Failure to respond within the period for response will result in ABANDONMENT of the application (see 35 U.S.C. 133, M.P.E.P. 710.02, 710.02(b)).

5d. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert B. Harrell whose telephone number is (571) 272-3895. The examiner can normally be reached Monday thru Thursday from 5:30 am to 2:00 pm.

5e. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew T. Caldwell, can be reached on (571) 272-3868. The fax phone number for all papers is (571) 273-8300.

5f. Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (703) 305-9600.
